## EXPERIENCE

### Company

Backend Engineer

- › Lorem ipsum dolor sit amet, dicat utroque consequat eos in
- › Lorem ipsum dolor sit amet, dicat utroque consequat eos in
- › Lorem ipsum dolor sit amet, dicat utroque consequat eos in

Scala Python Java Apache Spark Flink

Jan. 2021 — Present

City, Country

### Company

Software Engineer

- › Lorem ipsum dolor sit amet, dicat utroque consequat eos in
- › Lorem ipsum dolor sit amet, dicat utroque consequat eos in
- › Lorem ipsum dolor sit amet, dicat utroque consequat eos in

Java Apache Karaf JBoss OSGi Apache Camel SOA SQL JUnit TestNG Log4j

June 2017 — Aug. 2017

City, Country

### Company

FullStack Developer

- › Lorem ipsum dolor sit amet, dicat utroque consequat eos in
- › Lorem ipsum dolor sit amet, dicat utroque consequat eos in
- › Lorem ipsum dolor sit amet, dicat utroque consequat eos in

Java Python Selenium Selenide TestNG JUnit Appium IntelliJ Idea Eclipse Maven

June 2017 — July 2017

City, Country

## EDUCATION

### University of HomeSchool

Doctor of Philosophy (PhD) in Computer Science

Jan. 2021 — Present

City, Country

### University of Lorem Ipsum

MSc in in Computer Science

Sept. 2014 — June 2016

City, Country

### University of Lorem Ipsum

BSc in in Computer Science

Sep. 2009 — Dec. 2013

City, Country

## TRAINING & CERTIFICATION

### Coursera

- › Data Engineering with Google Cloud Professional Certificate

June 2020

## OPEN SOURCE PROJECTS

### SE-Resume

- › A latex cv template

### Another Project

- › Project Description

## SELECTED PUBLICATIONS

- [1] **2020** Pierre Genevès and Nabil Layaida. "A Cost Estimation Technique for Recursive Relational Algebra". In: *Proceedings of the 29th ACM International Conference on Information & Knowledge Management*, pp. 3297–3300.
